

How to set up your Online Account with Unity Sexual Health

To use the Online Booking process, you will need to create an “online account” – this will register you as a patient on our system.

We now have online accounts to help you access the service.

To start with you will be able to order a postal kit using this system. In future we hope that you will be able to see your results and also book appointments.

To make sure that your account can only be seen by you and our team you will need an e-mail address, password, and mobile telephone number of your choice to register – much like an online banking process.

We suggest that you use an e-mail address AND a mobile (text) number in the registration process that securely belong to you if you wish to maintain confidentiality from others – the registration process will be sending you a confirmatory e-mail that will be visible in your e-mail inbox – and a pin number for that registration that will be sent to the mobile phone number entered as “yours”.

Once registered – you will be able to log onto this account to book a postal kit to be sent to you.

Registration

The login screen to access your Account looks like this:-

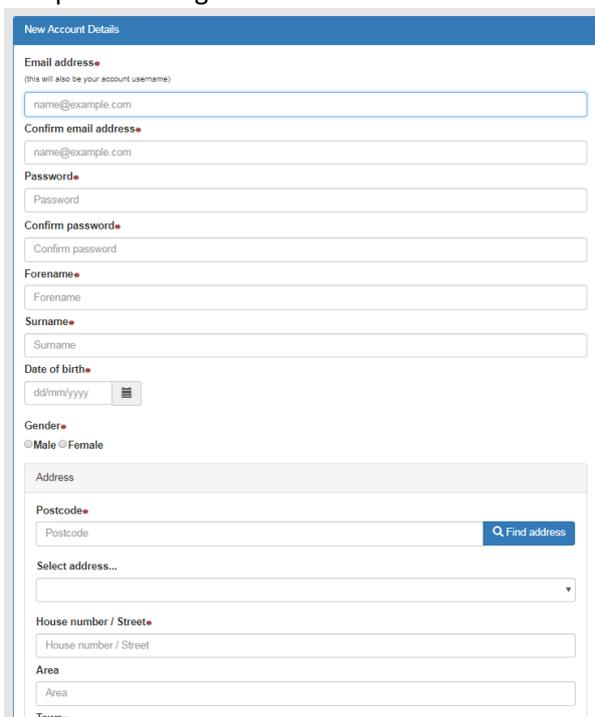

The screenshot shows a login form titled "Account Details". It contains two input fields: "Username/Email" and "Password". Below the fields is a red "Sign in" button. At the bottom of the form, there are links for "Register", "Forgot password", and "Help".

If you already have an account – simply enter your username (your e-mail used for registration) and your password.

Press “Register” to create a new account.

Complete the registration form as shown here with all the marked necessary fields.

The screenshot shows a registration form titled "New Account Details". It contains several input fields and a "Find address" button. The fields are: "Email address" (with a note that it will be the account username), "Confirm email address", "Password", "Confirm password", "Forename", "Surname", "Date of birth" (with a calendar icon), "Gender" (with radio buttons for Male and Female), "Postcode" (with a "Find address" button), "Select address...", "House number / Street", "Area", and "Town".

Please complete the 'reCAPTCHA' form for security reasons.

One essential entry is your mobile phone (text) number.

When everything has been completed and the “Create Account” button pressed – you should see this message displayed:-

Email Sent

Thank you for registering your email account.

An email has been sent to your email address which you must use to activate the account.

An SMS text message has been sent to your mobile phone number with a verification code. Use this code when activating your account.

You must follow the instructions in the email before you can sign in to your account.

If you cannot see the email be sure to check your junk folder and email settings.

You will then be sent an e-mail (to the given address) that will look like this:-
(If nothing has arrived after several minutes – check your “Spam” folder)

Search mail

Please verify your new user account Inbox x

 noreply@millsystems.com
to me

Please use the following link to activate your account.

<https://mill-live2.bright-cloud.net/webspeed/cgi/cgiip.exe/WService=wsbroker1/web/webreg/main.cls?form=web.webreg.verifyemail&id=20489&Dept=COV>

A pin number will be sent to your mobile phone, use this pin number when verifying your account

At the same time you will receive a PIN number on your mobile phone text inbox.

When you have the PIN – select the link in your e-mail and enter it in the verification box:-

You can then login with your e-mail address and password .

Completing Registration

When you log into your account for the first time – you will need to add some details that are needed by the clinic to complete their registration on their system.

Complete these details – and your Patient Number will change to your unique reference on the Clinic system – if you have used the service before you will be given a temporary “new” number until we match your details with your previous record.
